

KOIN Member Checklist

Are You Prepared For a KOIN Alert?

- Provide CHFS/DPH with up-to-date contact information for you and a backup contact. Set up an alternative e-mail account or phone number so you can be reached after work hours.

- Keep two hard copies of a detailed contact list of people you will need to reach with you at **ALL** times. Keep your contact list on a jump drive or other backup device.

- Use backup communication methods in the event of a power outage or cell phone break down (e.g., door-to-door, HAM radio).

KOIN Identification Card
